

Nussbaumer Wins Engineering Award

BUFFALO , NY – Nussbaumer & Clarke, Inc. is pleased to announce that the American Council of Engineering Companies of New York ([ACEC New York](#)) has awarded Nussbaumer & Clarke, Inc. their **Platinum Award for Excellence in Engineering in the category of Water Resources**. The Award recognized Nussbaumer's work on the *Cazenovia Creek Stream Bank Stabilization Project*.

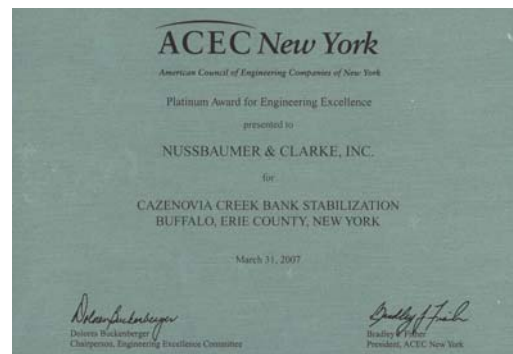

Before

After

The City of Buffalo Department of Public Works completed stabilization of the north bank of Cazenovia Creek, between the Stevenson Street and South Side Parkway Bridges, to calm flooding and stop stream bank erosion caused by ice jams. Nussbaumer & Clarke, Inc. provided engineering services, which included a tied-back or braced steel sheeting bulkhead and heavy stone embankment with bioengineered plantings to recreate a natural stream bank, reinforce the highway embankment of North Legion Drive, and provide green space.
