

WALKING/RUNNING FOR A CURE

Saturday, June 12, 2010. Nussbaumer & Clarke, Inc.'s employees show their commitment to their community and its people by joining a local race to help find a cure for Breast Cancer.

Aside from non-melanoma skin cancer, breast cancer is the most common form of cancer in women. Breast cancer is the number one cause of cancer death in Hispanic women. It is the second most common cause of cancer death in white, black, Asian/Pacific Islander, and American Indian/Alaska Native women.

Thank you to **Marie Nowak, Barb Frankiewicz and Iain Ramage** for their efforts to help bring an end to this terrible disease.
